

Make Demand Gen Less Demanding

You have a solid brand, a great product, and a mastered talk track. Now all you need is an audience, but how do you effectively reach them? If you're working overtime to track down potential leads and nurture opportunities, we have a better way. (By the way, "our way" makes demand generation much less... demanding, and we know you like the sound of that.)

GlobalMeet empowers you with the tools to create branded, virtual events to start conversations and build relationships. We can help you and your team confidently build brand awareness, increase lead generation and speed up the customer acquisition process whether you have an audience of 50 or 100,000+.

Leads Led by Insights

So we both know that you've been tasked with increasing leads all while decreasing cost (classic, am I right?). That's why GlobalMeet is designed to maximize your investment through tracking engagement, behavior analytics and demographics to generate insights from the minds and hearts of your attendees. This coupled with rich reporting data helps you convert leads faster and keep the sales pipeline full. And don't worry, most CRMs integrate seamlessly, so your data is right where you need it.

Say Yes to Your Way

Confidently engage potential customers in a way that best suits your needs. GlobalMeet allows you to choose between managing it yourself or letting us take care of it for you. If you prefer full control, then our self-serve model is best. We take the time to fully train you within GlobalMeet and then tag you to unleash the power of your sales savvy mind. If you change your mind and want a little support, our best-in-class team will always be there to lend a hand. If self serve isn't the right fit, our fully managed service includes a seasoned team of experts who handle your entire virtual event for a stress-free, seamless experience.

Say Hello to No Limits

Demand generation is tough as it is, so we thought we'd make it just a bit easier by removing any limits to the opportunities in front of you. With a GlobalMeet license, you can create as many virtual events as you like (seriously, we'd love it if you set the record for single events in a day). In our book, no limits on events means no limits on leads, so ready, set-sell.

Make the Right Impression

First impressions matter. That's why GlobalMeet enables you to dynamically customize registration pages, graphics and more to showcase your unique brand. The tailored design melds seamlessly with HD audio and video to elevate your virtual event on all sides. This matters to us because you shouldn't have to compromise your brand to make a connection (so don't).
